Author of the book, *Redefining Our Relationships:  
Guidelines for Responsible Open Relationships*

## **WORKSHOP DESCRIPTION**

Building on her feminist critique of love and relationships, Wendy presents the major concepts and challenges that we face trying to reinvent our relationships outside the dominant social paradigm. Radical love is the freedom to love who you want, how you want, and as many as you want, so long as personal integrity, respect, honesty, and consent are at the core of any and all relationships. Radical love primarily focuses on love and intimacy, not sex and sexual conquest. At the heart of this work are three components: feminism, social activism, and spirituality. The lecture is followed by Q&A.

**WENDY-O MATIK** is the author of *REDEFINING OUR RELATIONSHIPS: GUIDELINES FOR RESPONSIBLE OPEN RELATIONSHIPS*, a feminist critique of love and relationships outside the status quo. As an educator, role model, and spokesperson for the polyamory community, Wendy has become a revolutionary activist of the heart. Since the release of her book, she has taught over a hundred "Radical Love & Relationship" classes globally, excavating important social trends and reshaping the future of alternative relationship models for the 21st century. As an activist for social change, Wendy is pushing the boundaries on firmly rooted notions in mainstream society on relationships, love, gender, sexual equality, and sexual politics.
